ABODE AT THE BANK TWO

Established in 2015 Abode is a bespoke provider of design, furnishing and installation services for property professionals and investors.

We pioneered the concept of delivery, assembly and installation of design led furniture packages for landlords.

We have a deep understanding of the UK property market, individual investors, developers, estate and letting agents, property managers and institutional investors to help them make the most of their investments.

Abode have carefully crafted two bespoke furniture packages for The Bank 2. Each furniture package is designed in line with tenant expectations and consists of the full inventory to ensure there is nothing else you need to do once your property completes.
