

THE ROYAL BOROUGH OF  
**KENSINGTON  
AND CHELSEA**

**Date:**

## **Reference for GLA 2030 Future Neighbourhoods Application**

### **Letter of Support from RBKC Arboricultural Services**

To Whom It May Concern,

The Arboricultural Team from The Royal Borough of Kensington and Chelsea (RBKC) Council confirms its partnership in the Notting Dale Future Neighbourhood 2030 Project. We will support the delivery of a programme of street tree planting across Notting Dale that will aim to increase the climate adaptability, shade and beneficial habitat of the ward.

We strongly support this application which will not only tackle environmental issues in a holistic way; but will embed green recovery at the heart and bring benefits for the community, particularly support the most disadvantaged residents and unrepresented groups in Notting Dale.

Through this letter, we acknowledge specific roles and responsibilities we will fulfil in this partnership such as the conducting of feasibility studies and planting of trees in suitable locations across Notting Dale Ward.

We are currently exploring match funding through multiple internal council streams.

Yours sincerely,
