Verity Close

Emerging preferences and choices

Updated design preferences

Results are in...

Thank you to the 74% of Verity Close residents who responded to the Emerging Preferences and Choices refurbishment survey. We asked residents to give their preferences on windows, external facade, new roofing and more. Lancaster West Neighbourhood Team have collected the votes and we can now reveal the winning options.

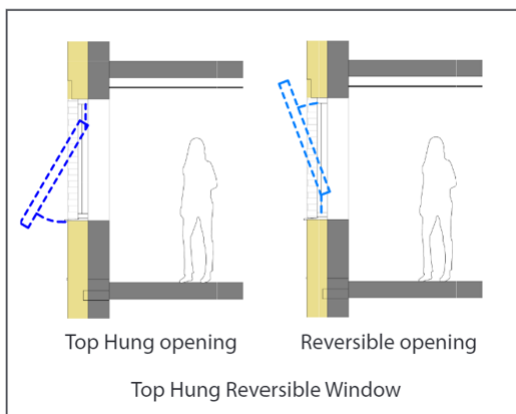

Window Preference

Roof finish materials:

New slate tiles

New slate roof tiles chosen by residents will work in tandem with the **new non-combustible insulation** that is being added to loft spaces on Verity Close. This new insulation will improve the airtightness of the building, decreasing the amount of energy wasted gaps, and helping to keep your energy bills affordable.
