Reference for GLA 2030 Future Neighbourhoods Application – Letter of Support

To Whom It May Concern,

I write in my capacity as Chief Executive Officer for [Clement James Centre](#) in support of the Royal Borough of Kensington and Chelsea Council (RBKC) proposal for the Mayor of London Future Neighbourhoods 2030 programme.

Clement James Centre is an award-winning education charity that empowers the community to release its potential in one of London's most disadvantaged areas. Our vision is for everyone in our community to release their potential and live fulfilled lives. We achieve this through education, employment, and wellbeing support in a safe and compassionate space:

We strongly support the Notting Dale Future Neighbourhoods 2030 application as it will bring benefits to the local community and support with addressing the multiple crisis, we are all facing – cost of living and climate emergency. As part of Phase 2 we will be exploring ways to collaborate with the Council on specific projects put forward such as the Cooking Classes and Food Growing Programme, the Climate Change Awareness and Education Programme and the Community Warm Spaces.

Yours sincerely,
