Reference for GLA 2030 Future Neighbourhoods Application – Letter of Support

To Whom It May Concern,

I write in my capacity as Nourish Hub Manager from the Nourish Hub in support of the Royal Borough of Kensington and Chelsea Council (RBKC) proposal for the Mayor of London Future Neighbourhoods 2030 programme.

We strongly support this application and commit to working with the Council and other local partners in the delivery of these initiatives: Cooking classes for young people.

While running these activities, we would like to open the Nourish Hub as a Warm space location in Notting Dale for residents to keep warm, have a meal and receive energy and financial literacy advice.

UKHarvest are an environmental food rescue and education charity redistributing food, educating communities and providing support for all. From the sociable nature of sharing food to the formal training opportunities afforded via its training kitchen and education programme, the Nourish Hub is a place for communities so come together, eat well and learn essential skills for life – we supper with up to 200 residents a day. We also have a cohort of volunteers who support our activities and will provide further opportunities for added value.

Through this letter, we acknowledge how we will support this partnership.

Yours sincerely,

Key contact details: Ffion Hayward

Position: Nourish Hub Manager

Emails: ffion@nourishhub.org.uk

Mobile number: 07873 497 859

I confirm all the above information is correct. If you have any questions, please do not hesitate to get in touch.
